Jacquie –

As we discussed this morning, I am attaching an updated version of the proposed scope of work that you sent to me over the weekend. All changes that EPA proposed in that document have been accepted. The additional limited changes shown in a redlined format are those that we believe should be made to EPA's version of the scope of work. I will need to circle back to you regarding the status of the third paragraph of the Introduction.

Please let me know if you should have any questions regarding the attached document.

Best regards.

Michael
